**Nomination form for “Innovative Educator of the Year”**

To Whom It May Concern:

The BDPA NDC Chapter is looking for an Innovative Educator of the Year Award recipient. We would like for your organization to nominate someone from the educational community who exemplifies “Innovation”.

The Innovative Educator of the Year Award is a BDPA NDC program that honors a worthy person or group, which continuously donates time, talent and energy to help those in need. Many times, fine citizens of our community do numerous good deeds, which go unnoticed. The BDPA NDC would like to publicly recognize these generous people.

In selecting your candidate, please keep in mind that the only criterion for receiving the award is that the nominee must have made innovative contributions to the educational community. Please send your nominee’s name, school, role, address and your reasons (250 words or less) for making the selection to the below address prior to October 21<sup>st</sup> 2009.

The recipient of the “Innovative Educator of the Year” Award will be presented a special plaque to commemorate the occasion. His or her name, photograph and description of achievements will be placed in the BDPA NDC Annual Banquet’s official program and a news release will be sent to the local media.

We thank you for your cooperation. Please be assured that your candidate will receive every consideration in the final selection.

Best Regards,

President  
BDPA NDC
